FULL TIME JOB OPPORTUNITY

Posted on August 21, 2026

Job Expires: 2027-02-27

Job Title: handyman/woman

Employer: GS and A Framing Ltd.

Location: 17217 – 59 Avenue, Surrey, BC V3S 8T7 (various locations)

Wage: \$64,064 annually

Hours: 32 hours per week

Employment Type: Permanent, full-time

Vacancies: 1

Start Date: As soon as possible

About the Position

GS and A Framing Ltd. is a residential and commercial framing company seeking a skilled, dependable, and detail-oriented handyman/woman to assist with framing operations, general construction activities, and building maintenance at various work locations.

The successful candidate will assist with residential and commercial framing projects, perform general repairs and maintenance, handle construction materials, and help maintain clean, organized, and safe work areas. We are looking for someone who takes pride in their workmanship, demonstrates practical problem-solving skills, and can complete assigned tasks independently with minimal supervision.

We value reliability, attention to detail, sound judgment, and a commitment to quality work and workplace safety.

What You'll Do

As a handyman/woman with GS and A Framing Ltd., you will support residential and commercial framing projects while carrying out general maintenance and repair duties as required.

Residential and Commercial Framing:

Assist with residential and commercial framing activities, including measuring and preparing materials.

Help erect walls and construct roof structures.

Handle, move, and organize lumber, framing materials, tools, equipment, and construction supplies.

General Repairs and Maintenance:

Complete general repair and maintenance tasks involving doors, hardware, drywall, minor carpentry, and other building components as required.

Make adjustments and perform minor repairs to heating, cooling, ventilation, plumbing, and electrical

systems within the scope of your qualifications.

Perform minor repairs on appliances and help maintain them in good working condition.

Contact contractors or qualified tradespeople to arrange necessary maintenance and major or specialized repairs.

Building Upkeep and Site Cleanliness:

Identify maintenance concerns and address minor issues before they develop into more significant problems, where appropriate.

Empty trash cans and other waste containers.

Clean windows, interior walls, and ceilings as required.

Keep work areas clean, tidy, and organized, and ensure tools, equipment, and materials are handled and stored responsibly.

Quality Workmanship and Problem-Solving:

Assess routine maintenance issues and determine practical solutions.

Complete assigned work efficiently, with attention to quality, functionality, and detail.

Use tools, equipment, and construction materials responsibly and follow established work procedures.

Workplace Safety and Accountability:

Complete assigned tasks independently with minimal supervision.

Follow workplace safety procedures when performing repairs, handling materials, and working at construction sites.

Work under pressure while maintaining safe work practices and quality standards.

Move furniture, equipment, and supplies as required and handle materials weighing up to 23 kg (50 lbs).

What We're Looking For

The ideal candidate is dependable, practical, and comfortable performing general maintenance and assisting with residential and commercial construction projects.

Requirements include:

Education: Secondary school graduation certificate.

Experience: Three years to less than five years of relevant work experience.

Language: English.

Knowledge of general repairs, minor maintenance, and basic carpentry.

Ability to assist with framing activities, including measuring materials, erecting walls, and constructing roof structures.

Ability to work at various locations and complete duties on site.

Ability to work independently with minimal supervision and under pressure.

Ability to handle materials weighing up to 23 kg (50 lbs).

Understanding of workplace safety procedures and the importance of referring major or specialized repairs to qualified tradespeople.
